

# Install Network Monitor 3.4

## Install Network Monitor 3.4

### Step 1: download [Network Monitor 3.4](#).

#### 1.1 Click on **Download** button.

The screenshot shows the Microsoft Network Monitor 3.4 (archive) download page. The browser address bar shows the URL: <https://www.microsoft.com/en-sg/download/details.aspx?id=4865>. The page features the Microsoft logo and navigation links. A language selector is set to 'English', and a prominent orange 'Download' button is visible. Below the button, a description states: 'Network Monitor 3.4 is the archive versioned tool for network traffic capture and protocol analysis.' There are expandable sections for 'Quick Details' and 'System Requirements'. The 'System Requirements' section lists supported operating systems and hardware specifications. On the right, there is a 'Free PC updates' section with a 'Run Microsoft Update' button. At the bottom right, an 'Activate Windows' message is displayed.

Microsoft Network Monitor 3.4 (archive)
